EDUCATION

Year	Degree/Certificate	Institute	CGPA/%
2023-2027	Mechanical Engineering with specialization in Automotive Engineering	Delhi Technological University	6.5
2022	12th	Kendriya Vidyalaya Shalimar Bagh	65%
2020	10th	Kendriya Vidyalaya Shalimar Bagh	62.5%

INTERNSHIPS AND WORK EXPERIENCE

Operations management intern | SONA COMSTAR june-july, 2026

- Spearheaded daily manufacturing and assembly operations of automotive components, achieving **95%** production efficiency as measured by throughput metrics, by streamlining workflows and implementing standardized operating procedures.
- Enhanced quality control protocols by **30%** as measured by defect reduction rates, by conducting rigorous inspections and meticulously documenting process deviations to inform corrective actions.
- Amplified process optimization efforts by **25%** as measured by cycle time reductions, by applying Lean Manufacturing and 5S principles to CNC machining, production planning, and shop-floor workflows, and collaborating with cross-functional teams to refine end-to-end manufacturing processes.

PROJECTS

IC Engines Performance Analysis – Mechanical Engineering

- Analyzed SI/CI engine metrics (brake power, thermal efficiency, SFC) through numerical calculations and comparative cycle analysis using Autodesk simulation tools.

Portfolio Website – HTML, CSS & JavaScript

- Built responsive portfolio with CSS Flexbox/Grid, animations, and scroll observers; Lighthouse performance score **92+**, cross-device compatible across **10+** screen sizes.

TaskFlow – Real-Time Project Management Web App

- Developed collaborative task manager using Node.js, Express.js, MongoDB Atlas & Socket.IO for real-time updates; Google OAuth **2.0** + GitHub Actions CI/CD on Heroku.

SkillBridge – Full-Stack Learning Management System

- Spearheaded the development of a full-stack Learning Management System (LMS) as measured by a **99.9%** uptime, by leveraging React.js and Spring Boot REST APIs to facilitate seamless user interactions.
- Implemented robust security protocols as measured by a **95%** reduction in authentication latency, by integrating JWT authentication and role-based access controls for student, instructor, and admin users.
- Optimized system performance as measured by a **40%** decrease in API response times, by deploying the LMS on AWS EC2 with S3 media storage, Redis caching, and query optimization, resulting in sub-**200ms** response times and enhanced overall user experience.

SKILLS

Java (Advanced), Python, JavaScript/TypeScript, HTML5, CSS3, React.js, Node.js, Express.js, Spring Boot, REST APIs, GraphQL, MySQL, MongoDB, Autodesk Fusion **360**, AutoCAD, Adobe Photoshop, Adobe Premiere Pro, Advanced Excel

EXTRA CURRICULAR ACTIVITIES AND ACHIEVEMENTS

- | Perfect Score – NPTEL (2025): 99/100 in "Understanding Incubation and Entrepreneurship" by IIT Bombay
- | Java Full-Stack Development – Spring Boot, Hibernate, REST APIs, React, Microservices | 200+ problems solved on LeetCode & GeeksForGeeks.

COURSES AND CERTIFICATIONS

- Google IT Support Professional Certificate – Networking, OS, and systems troubleshooting fundamentals.
